

Creating a true friendship!

money**amigo** is the new revolutionary life and money solution.

The top 10% of society has plenty of solutions and options available to them in the world of banking and services. Things tend to come easy for them and are readily available without much need for thought or research. For the remaining 90% of us regular, hardworking people, things can be a little more challenging. If you are anything like us, you just want a break – just one. Something where you don't feel like you've been taken advantage of. Something that you know exactly what you signed up for. No hidden or unfair surprises. Maybe even a little extra savings in your pocket.

We get it and are right there with you – especially when it comes to money and managing your financial life.

money**amigo** is based on two basic philosophies:

- Whatever we do needs to be for the greater good of people (our friends like you)
- No matter what areas of **moneyamigo** you touch, it needs to be fast, fair and friendly. The world is already hectic enough, isn't it?

Empowerment, financial growth, confidence and even well-being do not automatically need to come with headaches and aggravation.

money**amigo** is hassle free and specifically designed that way. We want your hard-earned dollar to go further all while providing access to the things you need and deserve for a little peace of mind. In today's world of complicated healthcare solutions which are already unaffordable and get more expensive every year with more out of pocket costs, we provide access to dental, vision and prescription discounts and the ability to consult with an online doctor 24/7, anytime – and no co-pay or deductibles.
